Following the lengthy gestation, Matt's solo debut album "Is That All ?" receives critical acclaim.

MOJO said *"...Backer steps centre stage with a janglesome rock record full of wise, chunky guitar and the sort of songs that only come with experience and a large record collection...vitality of the playing and the sheer depth of Backer's facility provide the necessary uplift..."*

What's On in London said *"...high time he released a solo album - the excellent, quirky, 60's inflected pop-rock of Is That All..."* and the New York **IPO** journal

described him as

"A gentleman from the UK who would definitely be an industry darling if he was based in the States."

His songs combine a radio friendly edge with some of the catchiest melodies this side of Buckingham Palace.
